Avoid Summer **BURN** Hazards

June 21, 2004 marks the “official” start of summer! Each year, millions of people look forward to summer, holiday weekends with friends and family, fireworks, barbecues, campfires and fun in the sun. But, summer fun also brings the potential for burn injuries. It is estimated that 15,000 children are hospitalized with “summer” burn injuries each year. Below is some important burn safety information to help prevent a burn injury from becoming one of your summer memories.

FIREWORKS

- Fireworks are DANGEROUS.
- Fireworks are ILLEGAL in San Diego County.
- Sparklers are ILLEGAL and DANGEROUS.
- NEVER play with fireworks.
- ALWAYS watch licensed fireworks shows.

SUMMER COOKING

- ALWAYS keep children away from barbecues and camp fires.
- When near campfires and grills, wear snug-fitting, tightly woven, or short-sleeved garments.
- NEVER use a flammable liquid (especially gasoline) to start a fire or hot coals.
- NEVER leave a fire unattended.
- ALWAYS dispose of hot coals in properly marked receptacles - buried coals retain heat for up to 24 hours and may cause a serious burn injury to an unsuspecting passerby who steps on them.
- ALWAYS keep matches and lighters out of reach from children.

SUN SAFETY

- ALWAYS wear a minimum sunscreen of SPF 15 or greater when going outdoors and re-apply every 2-3 hours and after swimming.
- Serious sunburns CAN occur even when it is cloudy or overcast.
- Wear dark sunglasses to protect your eyes and a broad rimmed hat to protect your head and neck.
- Be cautious of metal and plastic playground equipment that is exposed to direct sun. Contact burns can easily occur.

Visit www.burninstitute.org in late June for a list of local fireworks shows in your area of the county.

FIRST AID FOR BURNS

- **Stop, Drop, & Roll** to smother clothing fires.
- **Cool** the burn with tap water and **Call 9-1-1**.
- **QUICKLY** remove any clothing that could hold in heat and cause the skin to keep burning. **DO NOT** remove clothing that is sticking to the skin.
- Do not apply ice, butter or ointments to a burn injury.
- For burns to head, hands and feet, seek medical help immediately.
- For large burns, cover the victim with a clean, dry cloth to reduce shock and to conserve body heat.

Fireman's Fund Insurance Company

SUPPORTS SAN DIEGO FIRE AND BURN PREVENTION NEEDS

**Fireman's
Fund**

San Diego is the first region in the country to participate in a national program created by Fireman's Fund Insurance Company (FFIC). This initiative, "Fireman's Fund Heritage SM - San Diego," is aimed at supporting firefighters for safer communities.

In 2004, FFIC will award up to \$1 million in grants for equipment, fire prevention tools, education programs and training in San Diego County. In February, FFIC issued an invitation to all paid and volunteer fire departments in the county to submit grant proposals to assist with funding needs. The first round of grants totaled more than \$500,000 and were awarded on April 6, to 16 fire departments. In the fall, a second request for proposals will be sent out making available up to an additional \$250,000 in funding.

Another major element of Fireman's Fund Heritage is the creation of local, public education programs on fire and burn prevention. For this reason, FFIC donated more than \$300,000 to support Burn Institute fire and burn prevention education efforts in the community. In addition to supporting fire and burn prevention, FFIC will also serve as the title sponsor of Firefighter's Night at The Padres and FIRE EXPO 2004.

Fire Department grants were awarded at a ceremony on April 6, at San Diego's historic Firehouse Museum. (center) Chief Jeff Bowman from the San Diego Fire Rescue Department receives a \$250,000 grant from Fireman's Fund

SURVIVOR'S SCOOP

Our local burn community - Past, Present and Future

On May 22, the Burn Institute and the UCSD Regional Burn center launched a new educational program called Peer Support Training for Burn Survivors. Facilitated by Cindy Rutter and Jim Bosch, this was a great opportunity for burn survivors, family members, camp volunteers, hospital volunteers and those that support and volunteer elsewhere in the burn community. The focus was on how to positively impact and support a burn survivor struggling with their injury.

Participants had the opportunity to enhance their communication skills, learn the specifics of supporting in a hospital setting, and more.

Participants to this program are accepted by application only. This program will be offered again in the future.

Sunrise Vista Kiwanis Sponsors "Family Day"

On April 17, the Vista Sunrise Kiwanis sponsored the second annual "family Day" for burn survivors and their families. Held at picturesque Green Oak Ranch, the day was filled with fun, fellowship and the opportunity for burn survivors to meet other burn survivors and their families.
